

CREATING REAL TRANSFORMATION

Bravura Consulting, part of the Bravura group, is focused on generating real transformation and sustainable socio-economic development.

Bravura Consulting, part of the Bravura group, specialises in the design and implementation of integrated Black Economic Empowerment (BEE), corporate social responsibility and sustainable development strategies.

The focus is on creating real transformation and sustainable socio-economic development through a strong business case, which allows its clients to benefit the economies in which they operate while positively impacting their long term bottom-line.

The company has extensive experience across a range of sectors in BEE, local procurement, supplier development, enterprise development and undertaking global research. Clients range from large listed and unlisted South African corporations to multinational companies.

The Bravura Consulting team

Bravura Consulting has particular expertise in mining.

The team consists of talented professionals with different backgrounds, offering vast experience as well as extensive networks and affiliates across a range of developmental organisations, NGOs, NPOs and other advisors.

The Bravura group was founded in 1999 and has matured into a distinctive, dynamic investment banking business. Bravura has a footprint across sub-Saharan Africa, the UK, Australia and Mauritius and boasts a staff complement of around 110 in offices in Johannesburg, Cape Town, Windhoek, Port Louis and Sydney. Its core business includes corporate finance advisory (including BEE transactions), structured financial solutions, alternative asset management as well as making principal investments, mainly in the mining sector. The group has advised on and implemented BEE transactions and advice totalling almost R13 billion.

Under the DTI Codes of Good Practice, Bravura Consulting is a Level 1 BEE contributor and the Bravura group is a Level 3 contributor. Bravura Consulting has 25% HDSA ownership as required under the Mining Charter.
